Leader Board

Leaderboard should only be used to judge team's own performance.
Leaderboard also uses the task submission time ONLY to mark the rank BUT note that for selection in the Stage 2 and/or Finals ONLY LATEST SUBMISSION SCORE (not the Time) will be used.
This leaderboard hence does not guarantee the selection in the Stage 2 or the finals.

NOTE: For Leaderboard we consider the "Maximum Score" BUT for the final submission we will only consider your "latest submission" on the portal.

For example: if your try and submit the task 5 times. You achieve maximum score in the 2nd try then Leaderboard will consider the score of 2nd try.
But for the evaluation 5th try/submission would be considered as the final file/folder.
Basically, ensure that you submit the maximum score as the latest submission too.
